

# delivery time and shipping

## Visiting our Shop

You have also the possibility to pick up your desired product in one of our One Stores. Many of our products are available for immediate take-away. Our staff will be pleased to advice you personally and individually. Of course we are going to help you with the configuration for your system. You can also pick your System up in our shop, when the construction process has processed. You can pay in cash or via EC-Cash.

### **Configurable PC-Systems and Notebooks:**

Of course we have the possibility to configure your desired system in our Shop. It will be build our state-of-the-art production line. The delivery time for systems that you have configured is about 4-7 working days.

You can find us at the following locations:
