

# delivery time and shipping

## Change my shipping adress

You can easily change or delete your addresses at any time via "My Account" in our Onlineshop. Log in with your existing E-Mail Adress and make the desired changes.

### **WARNING!**

Orders which have already been made remain unaffected by the changes you made afterwards. Please contact out [service-team](#) for any changes to your adress.

Sometimes, for example when your order has already shipped we are not able to make any changes. If your package is not deliverable due to a wrong adress, it will be sent back to us. We will contact you afterwards.

Unique solution ID: #2809
